

FOR IMMEDIATE RELEASE:

The Contest Queen Has Helped Others Win Over \$1,000,000 in Prizes!

NIAGARA FALLS, NY - Do you ever read about people who enter sweepstakes and win amazing prizes? Have you ever wondered, "Are these people for real?" Not only are they for real, but one of them, Carolyn Wilman, the Contest Queen herself, has helped others win over \$1,000,000 in prizes.

"I never realized how much I had helped people win until Delany Roberts ([@delany_55](#)) tweeted she had won a Ferrari. She then credited me for teaching her how to enter sweepstakes vs. blog contests." Ms Wilman said. "I then began to add up the prize values from all the wonderful emails I have received over the past few years. I was shocked when the amount passed the \$1,000,000 mark." Since then she has also helped; [Wendy win a house](#), [Nicole win a car](#), and [Sandra and Michael win a trip to outer space](#).

It began in 2004 when, after being asked by hundreds of people, 'So, how I can begin to win like you?' she decided to combine her extensive marketing background along with her hobby, and teach others the fastest and easiest way to have fun and win. The result was *You Can't Win If You Don't Enter*—the first publication to focus specifically on the exciting world of Internet sweepstakes.

Recently, the Contest Queen brought her book to life with her seminar [How to Win Cash, Cars, Trips & More!](#) The first seminar is to be held in Ottawa, ON, Canada on Saturday October 3rd at the Main Branch of the Ottawa Public Library. The full seminar schedule has yet to be confirmed, but she will be bringing her seminar to major cities across United States and Canada.

In conjunction with writing the book and seminar, Ms Wilman also created ContestQueen.com as 'a hub of all things contesting' with hundreds of free resources to sweepstakes websites, sweepstakes groups and forums, sweeping software, sweeper clubs and conventions.

Using the techniques she outlines in her book, Carolyn averages 5-15+ contest wins per month. With those numbers, this promotional and sweepstakes marketing expert is highly qualified to steer contest and sweepstakes players in the winning direction.
